

# **Covid-19 Vaccination Clinic - Category 4 & 7 Patients**

## **On day of your COVID 19 vaccine**

Please do not attend if you are feeling unwell or have symptoms of COVID or are a close contact of someone with COVID 19.

The symptoms of COVID 19 are any one or more of the following:

- \* - Cough
- \* - Fever
- \* - Shortness of breath
- \* - loss of sense of taste or smell.

**Please note you will not be able to phone the reception on the day so if unwell it is imperative that you send someone down to the surgery to let us know. As you are aware we have a limited time to reassign your vaccine to the next applicable patient and time is of the essence.**

## **On Arrival to the Surgery:**

- Please only arrive for your vaccine at the stated time.
- Please go to the front of the centre and queue in a socially distanced manner – 2 meters apart.
- We will have 2-3 Admin staff ready to run through the COVID-19 Screening Questions before we can bring you in to the surgery – this will all be done when it is safe to do so.
- There is no waiting room – please keep an eye on the weather and shelter in your car until it is your time to be vaccinated.
- Please bring your mobile phone with you so that you can be contacted if necessary.
- If it is essential for a carer to enter the surgery with you due to mobility issues the COVID screening questions asked will also apply to your carer

***\*\*\*Please wear a loose short sleeved top for ease of injection\*\*\****

**This is a busy vaccination clinic & absolutely no other issues will be dealt with on the day**

We aim to keep you as safe as possible and this vaccination clinic will be carried out in a socially distanced manner.
